Giancarlo Spagnolo	

GOALS

The Faculty of Business Administration of the Corvinus University of Budapest and the Faculty of Economics of the University of Rome Tor Vergata announce the launch of the 2nd Interdisciplinary Symposium on Public Procurement. The first Symposium was organized by the University of Rome Tor Vergata in Rome, 2011.

The aim of the Symposium is to bring together **economists and lawyers** in the field of public procurement through dialogue and discourse. The organizers have the ambition of reducing the terminology barrier between economists and lawyers as well as coming across cultural divide while reaching joint wider understanding of practical issues. The Symposium attempts also to suggest reform measures for better rules of acquisition for Public Administrations. While topics and references will certainly involve the European Union environment it shall not be limited to this area, taking advantage of best practices worldwide.

The 2nd edition will take place in Budapest in the beautiful main building of Corvinus University of Budapest, in the very heart of the capital of Hungary.

During two days 4 main topics will be discussed:

1. Supporting social considerations via public procurement
2. Green public procurement
3. Innovation through innovative partnerships
4. LOT's - The Economic and Legal Challenges of Centralized Procurement

REGISTRATION
DEADLINE:

SEPTEMBER 15, 2014
